PROLOGUE

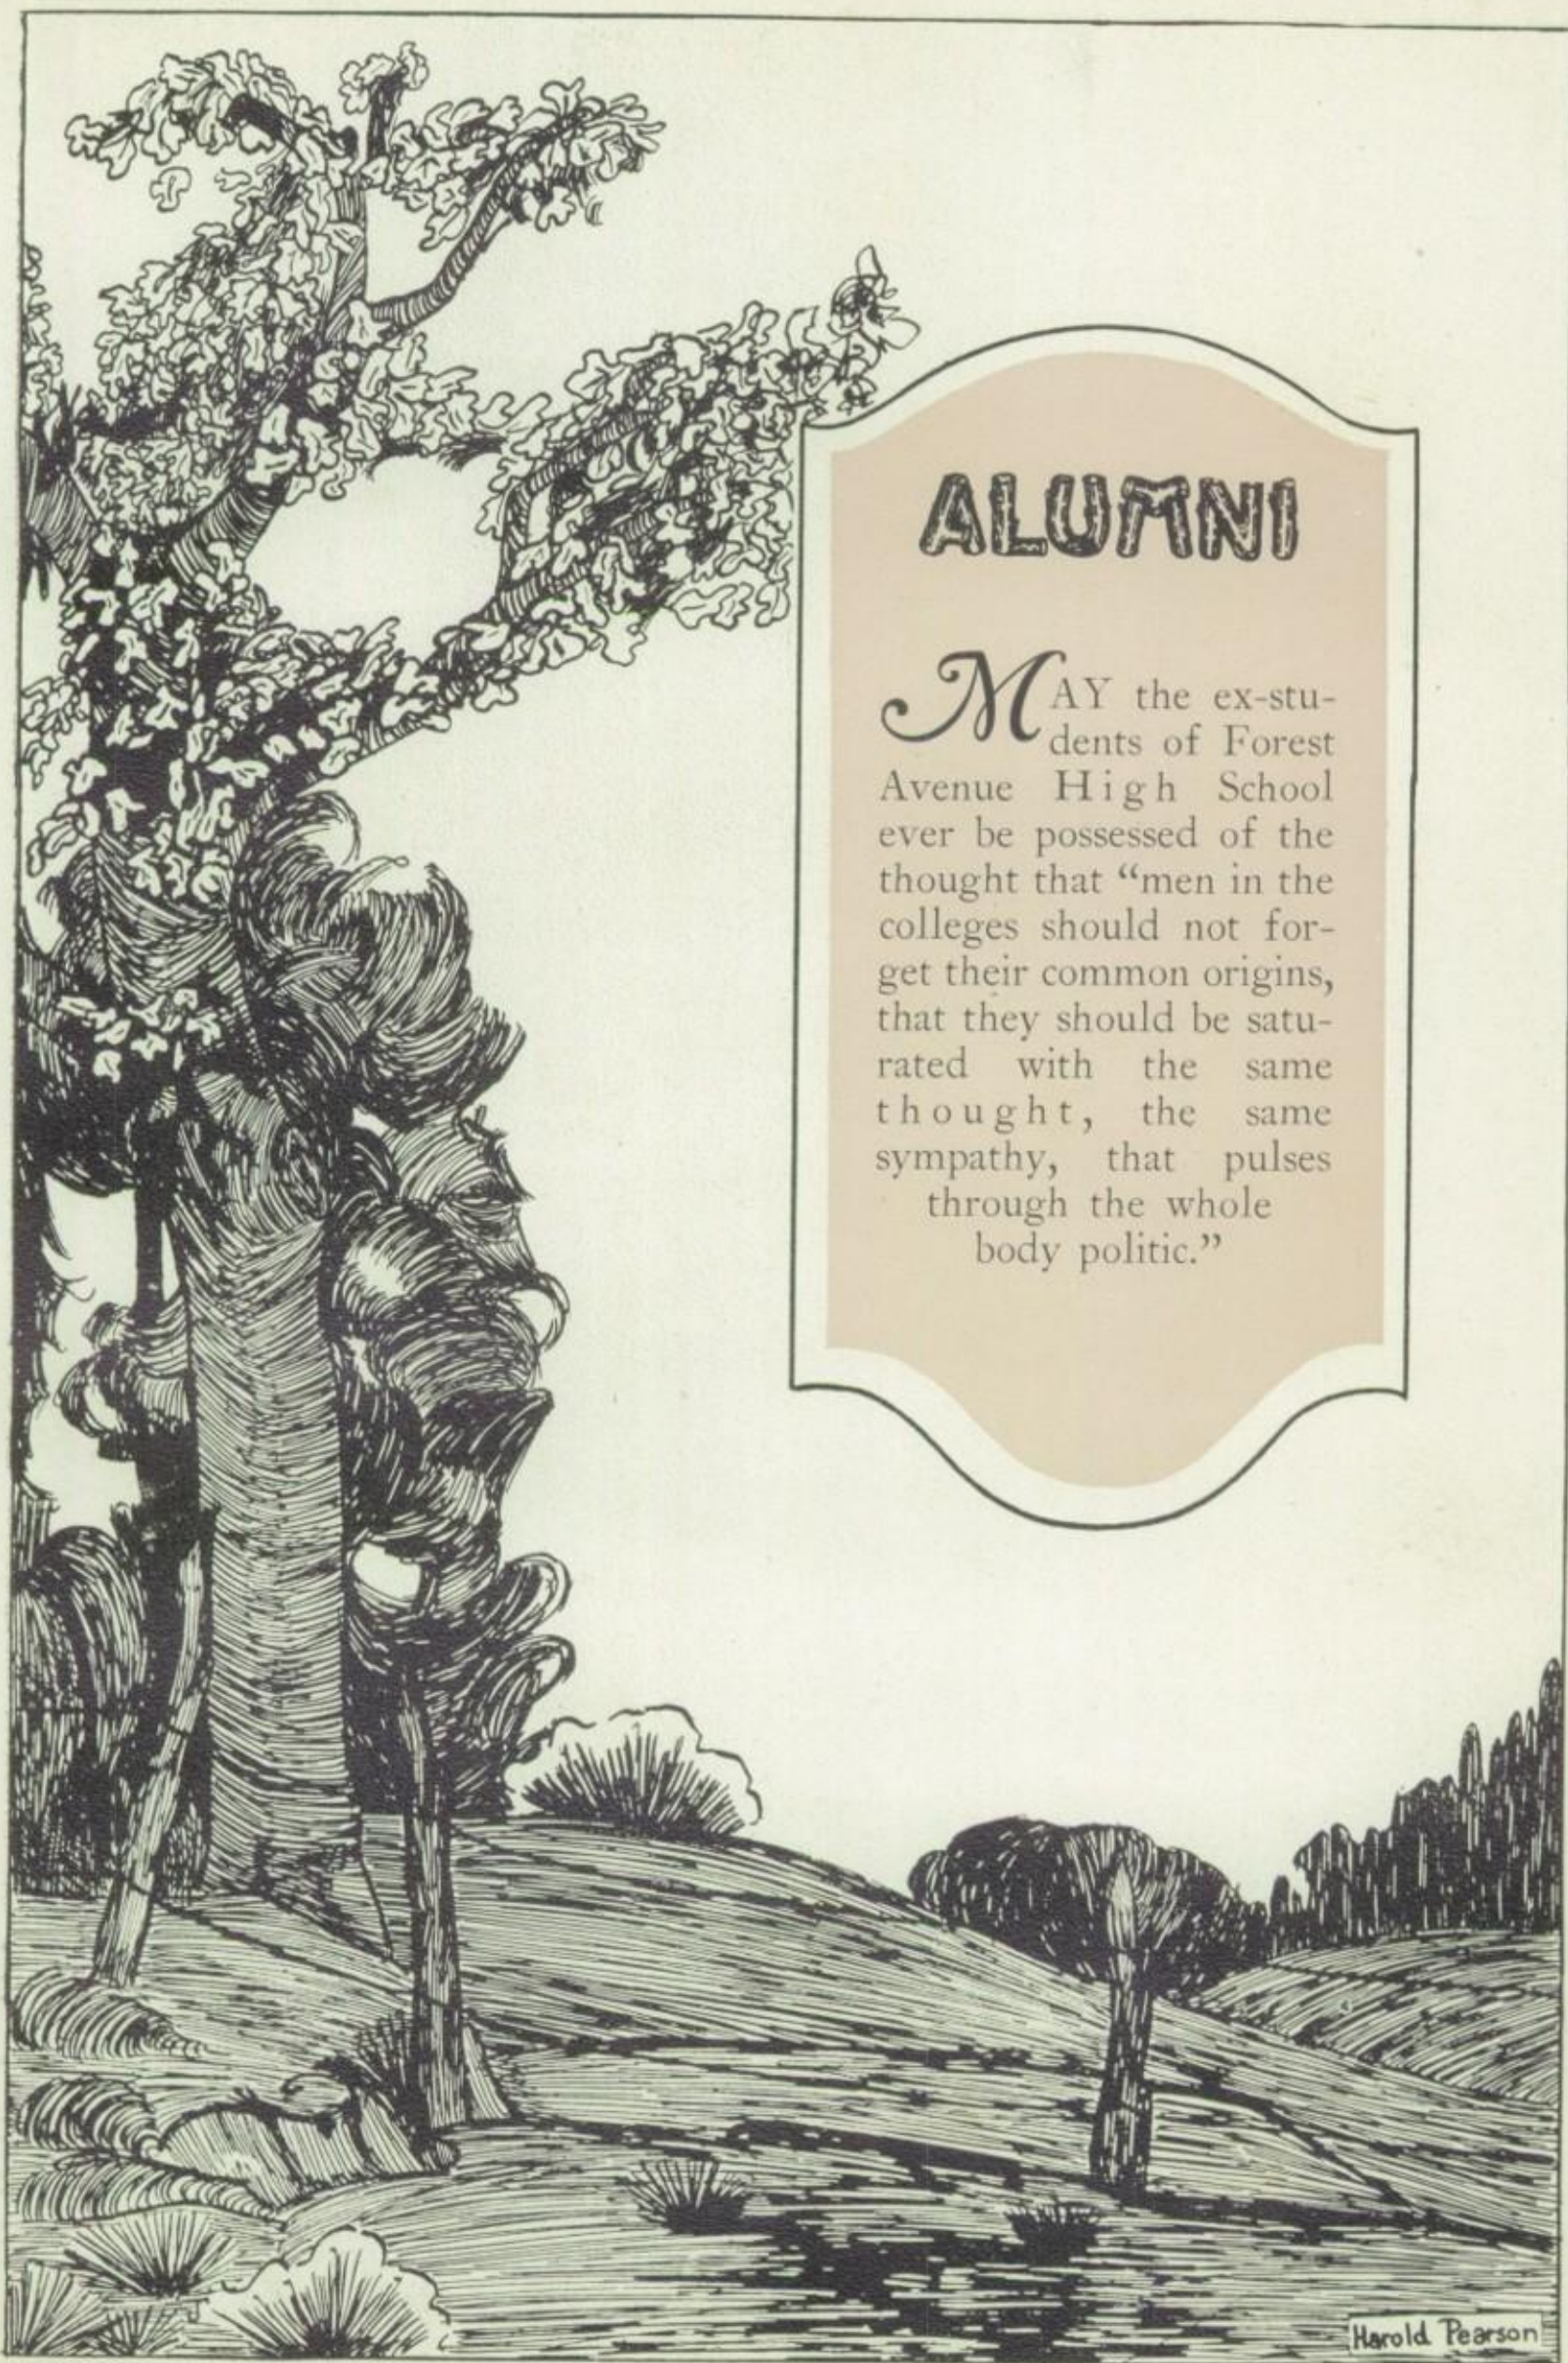

Imagination travels free
Without rein or rule here.
A college tower, a gypsy trail,
A wish inspired be our avail.
'Tis but a sketch, we must admit,
But what we can't unravel
We leave to those of larger wit
Who through Romany have
traveled. ^ ^ ^ ^

DEDICATION

*T*O the Alumni who have attended higher institutions of learning throughout our country—to all who have fitted themselves for a better and greater service in Life—do we, the Staff of the Nineteen Twenty-Eight Annual, dedicate, this, the Twelfth Volume of the FORESTER.

Harold Pearson

ALUMNI

*M*AY the ex-students of Forest Avenue High School ever be possessed of the thought that "men in the colleges should not forget their common origins, that they should be saturated with the same thought, the same sympathy, that pulses through the whole body politic."

Art

"ART has become foolishly confounded with education" is the noteworthy opinion of Whistler, the venerable American artist. But, contrary to this famous painter's belief, art in Forest has become confounded with education only by the minority.

The most cultured student would greatly prefer the popular print to the stroke of Rembrandt's brush. Art, argues the dissenter, is a talent not to be included in the education of high school students. The art department of Forest is looked upon by the faculty and student body as one of the most essential elements in the institution.

Under the most able guidance of Miss Rettie K. Ensor, the quantity and quality of this division have grown tremendously. The pupils are not simply taught commercial art; they are taught the fine technique of a superior grade. The work and lives of the old masters are studied most extensively. Rembrandt, Reynolds, Da Vinci, Millet, Corregio, Bonheur, Michelangelo, and countless numbers of the greatest portrayers of Nature are studied. Paintings, be it known, form only a small measure of the art studied. Statues, pen and ink, pencil, charcoal, show-card, and linoleum work are among the several courses traversed by the youthful art pupil if he studies art the four years of his high school life.

Art

(CONTINUED)

The beginners of art are given the fundamentals and underlying principles of the subject. They begin with the study of the color chart. The second year pupils study still life. It is to be noted that the freshman and sophomore artists are limited to the use of only water colors, pencil, and perhaps the pen. The third and fourth year students are termed advanced artists; that is, they have completed their study of the principles of art and are prepared to take up the study of more finished work. They are taught the use of charcoal, show-card painting, oil painting, linoleum cutting, and are given a thorough study of pen and ink work. Naturally, each student does not undertake to study most of them and endeavors to become skilled in at least one. Regardless of all these courses, to study the great masters of art and their lives is far more pleasing and important.

The year of 1928 proved a period of arduous work and tedious study. A scant half dozen advanced pupils, beginning at the opening of school in the fall, spent the entire year in supplying this publication with illustrations or "cuts." Little time was left for them to participate in the poster contests throughout the city. It is generally accepted that a close study of pen and ink work is far more valuable than that of poster work. The youthful artists of Forest are invaluable in doing the illustrating work for the school publications.

Boys' Glee Club

THE president of the Glee Club is Winston Wilson; vice-president, Clay Hines; secretary, Joe Davis; sergeant-at-arms, Nolan Williams; sponsor, Miss Wilcox; pianist, Virginia Simms.

During the Christmas Holidays part of the club sang a Christmas cantata at North Dallas High, and later all the boys sang the same cantata at the Christmas assembly. The Glee Clubs of Dallas appeared at the Palace Theatre and at the Christmas Tree on the Ferris Plaza.

The clubs entertained at the first meeting of the Dad's Club and at the meeting of the South Dallas Improvement League; then, too, it was the Glee Club that sponsored the dance given at the carnival.

The coming Carusoes are: Winston Wilson, Nolan Williams, Clay Hines, Joseph Davis, and Billy Amato.

Orchestra

FOREST has several very promising musicians in its orchestra; among these are Emmett McClain and Lois Charninsky, members of the Dallas Symphony Orchestra, and Pem Davenport, who brings honor to Forest by being the only representative from Dallas to the National High School Orchestra Convention, held in Chicago during the early part of April this year. Pem is a very accomplished pianist. He also plays several wind instruments, drums, and tympani. This last instrument he played in the National High School Orchestra.

In the All-City Orchestra Contest to determine the representative of Dallas at the Annual State High School Orchestra Contest, held at the Texas Woman's College, April 14, Forest won second place, losing by only one point to North Dallas.

Home Economics

THE study of home economics includes three large divisions: 1. foods, or domestic science courses, which deal with food and nutrition; 2. clothing, or domestic art courses, which deal with textiles and clothing; and 3. home economics courses, which deal with house-management, home nursing, house-planning, and interior decoration. By these studies the girls develop such abilities, technical skills, and attitudes as will contribute directly towards a fuller realization of three important social objectives of high school training—health, character, and worthy home-membership. These courses are intended to give preparation for so many of the more important problems of the home and family.

The subject of food is such a broad one that many present-day scientists are finding a life-work in its study. The home economics girl realizes that if she wishes to be well, strong, happy, and full of vim, she must choose her food carefully. The aims of the girls in the Domestic Science I classes are to study food selections, preparation, nutritive value, meal planning, and serving; to acquire a knowledge of kitchen efficiency; to develop good health habits; and to improve etiquette in the home. Domestic Science 2 is a continuation of the study of foods and their preparation. This includes the study of food preservation, flour mixtures, candies, and frozen desserts. Domestic Science 3 deals with Dietetics. This includes the application of the principles of nutrition to the feeding of the family, with emphasis on the relative value of the different foods. This also teaches selection and preparation of food in relation to the sick.

Home Economics

(CONTINUED)

One of the slogans of the World War, "Food will win the War," confirms the fact that food is not merely something that tastes good, or that relieves the sensation of hunger, but that it is a vital factor in achieving one of the noblest ideals of all time.

The relative purpose of the Domestic Art (Sewing) classes is:—to teach careful habits in sewing and the value of systematic care and repair of clothing; to develop an understanding of the principles of health, comfort, and serviceability in their relation to textiles and clothing; to give a knowledge of textiles, which will lead to a wise selection and purchase of materials; to develop an appreciation of beauty of line and color in clothing; to teach the girls to like to sew and to sew well; and to teach girls to save and spend the family income or individual earnings efficiently and intelligently.

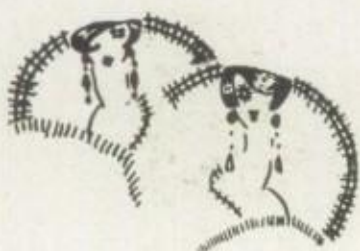

Home Economics 7 tends to create an interest in the home, to develop an appreciation of art as applied to the home, to teach house-planning. The study of Home Economics 8 develops the ideals and standards which will serve as a basis for the solution of family problems and gives training in the importance of good health habits in home nursing. The care of children is also studied.

All these branches of home-life studies tend to further the development of civilization and are some of the most important courses to be had in high school or college.

She who laughs first stirs strife.
He who laughs last dries the dishes.

"Honk": "Don't know; temperature of the room, I s'pose."

Gymnasium

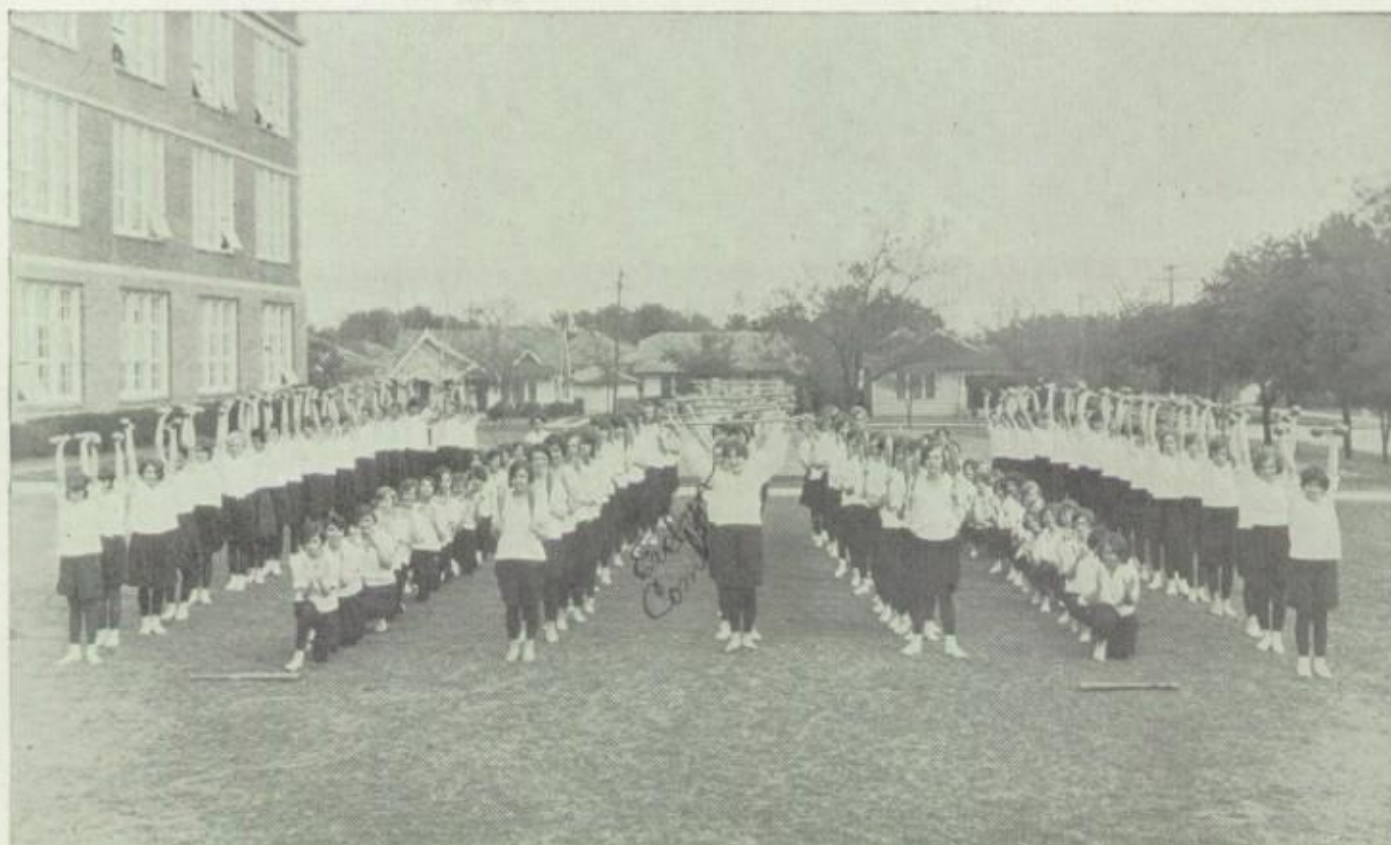

EACH term the Gymnasium Department has had over five hundred girls enrolled for the physical training course. This number is almost one-third of all the pupils now attending Forest.

At the beginning of the football season Forest found that she did not have any organized pep squad, but the gym instructors, Miss Mabel Shaw and Miss Locille Segrist, undertook to train thirty-two girls for the pep squad. The pep squad did its work well in arousing the support of the school. The Dad's Club thought the squad so important that it sent the girls to Cleburne with the football team.

Fifty dollars was presented to the Forest Gym Department by the Red Cross for a second prize in selling the largest amount of poppies on Armistice Day.

In assembly, January 20, a program of winter-time dances was given by the gym girls. In addition, two gymnasium demonstrations have been given by the gym department this past term. The one on April 20 consisted of games, stunts, dances, and drills, showing the technical part of the physical education work; and the one on May 17 was made up of various dances of the civilized peoples from ancient times to the present generation. The costumes were both appropriate and effective.

Gymnasium

(CONTINUED)

The girls of Section IA8 were the winners in the annual volley ball tournament, which is taken part in by all the gym classes, and the IB3's were victorious in the baseball tournament. The friendly rivalry created by these contests is of great benefit in teaching good, clean sportsmanship. Indeed, the code of a good sportsman is the keynote of all gymnasium activities.

One of the chief drawing cards of the carnival held at Forest on March 9 was an entertainment by Genelle Adams, Marguerite Tobowlosky, Pearl Pilkington, and Mary Elizabeth Better, who represented the gym department. This act consisted of individual dances and some of the regular gym dances and games. This is only one instance of the good work that the gym department is continually doing for the benefit of the school.

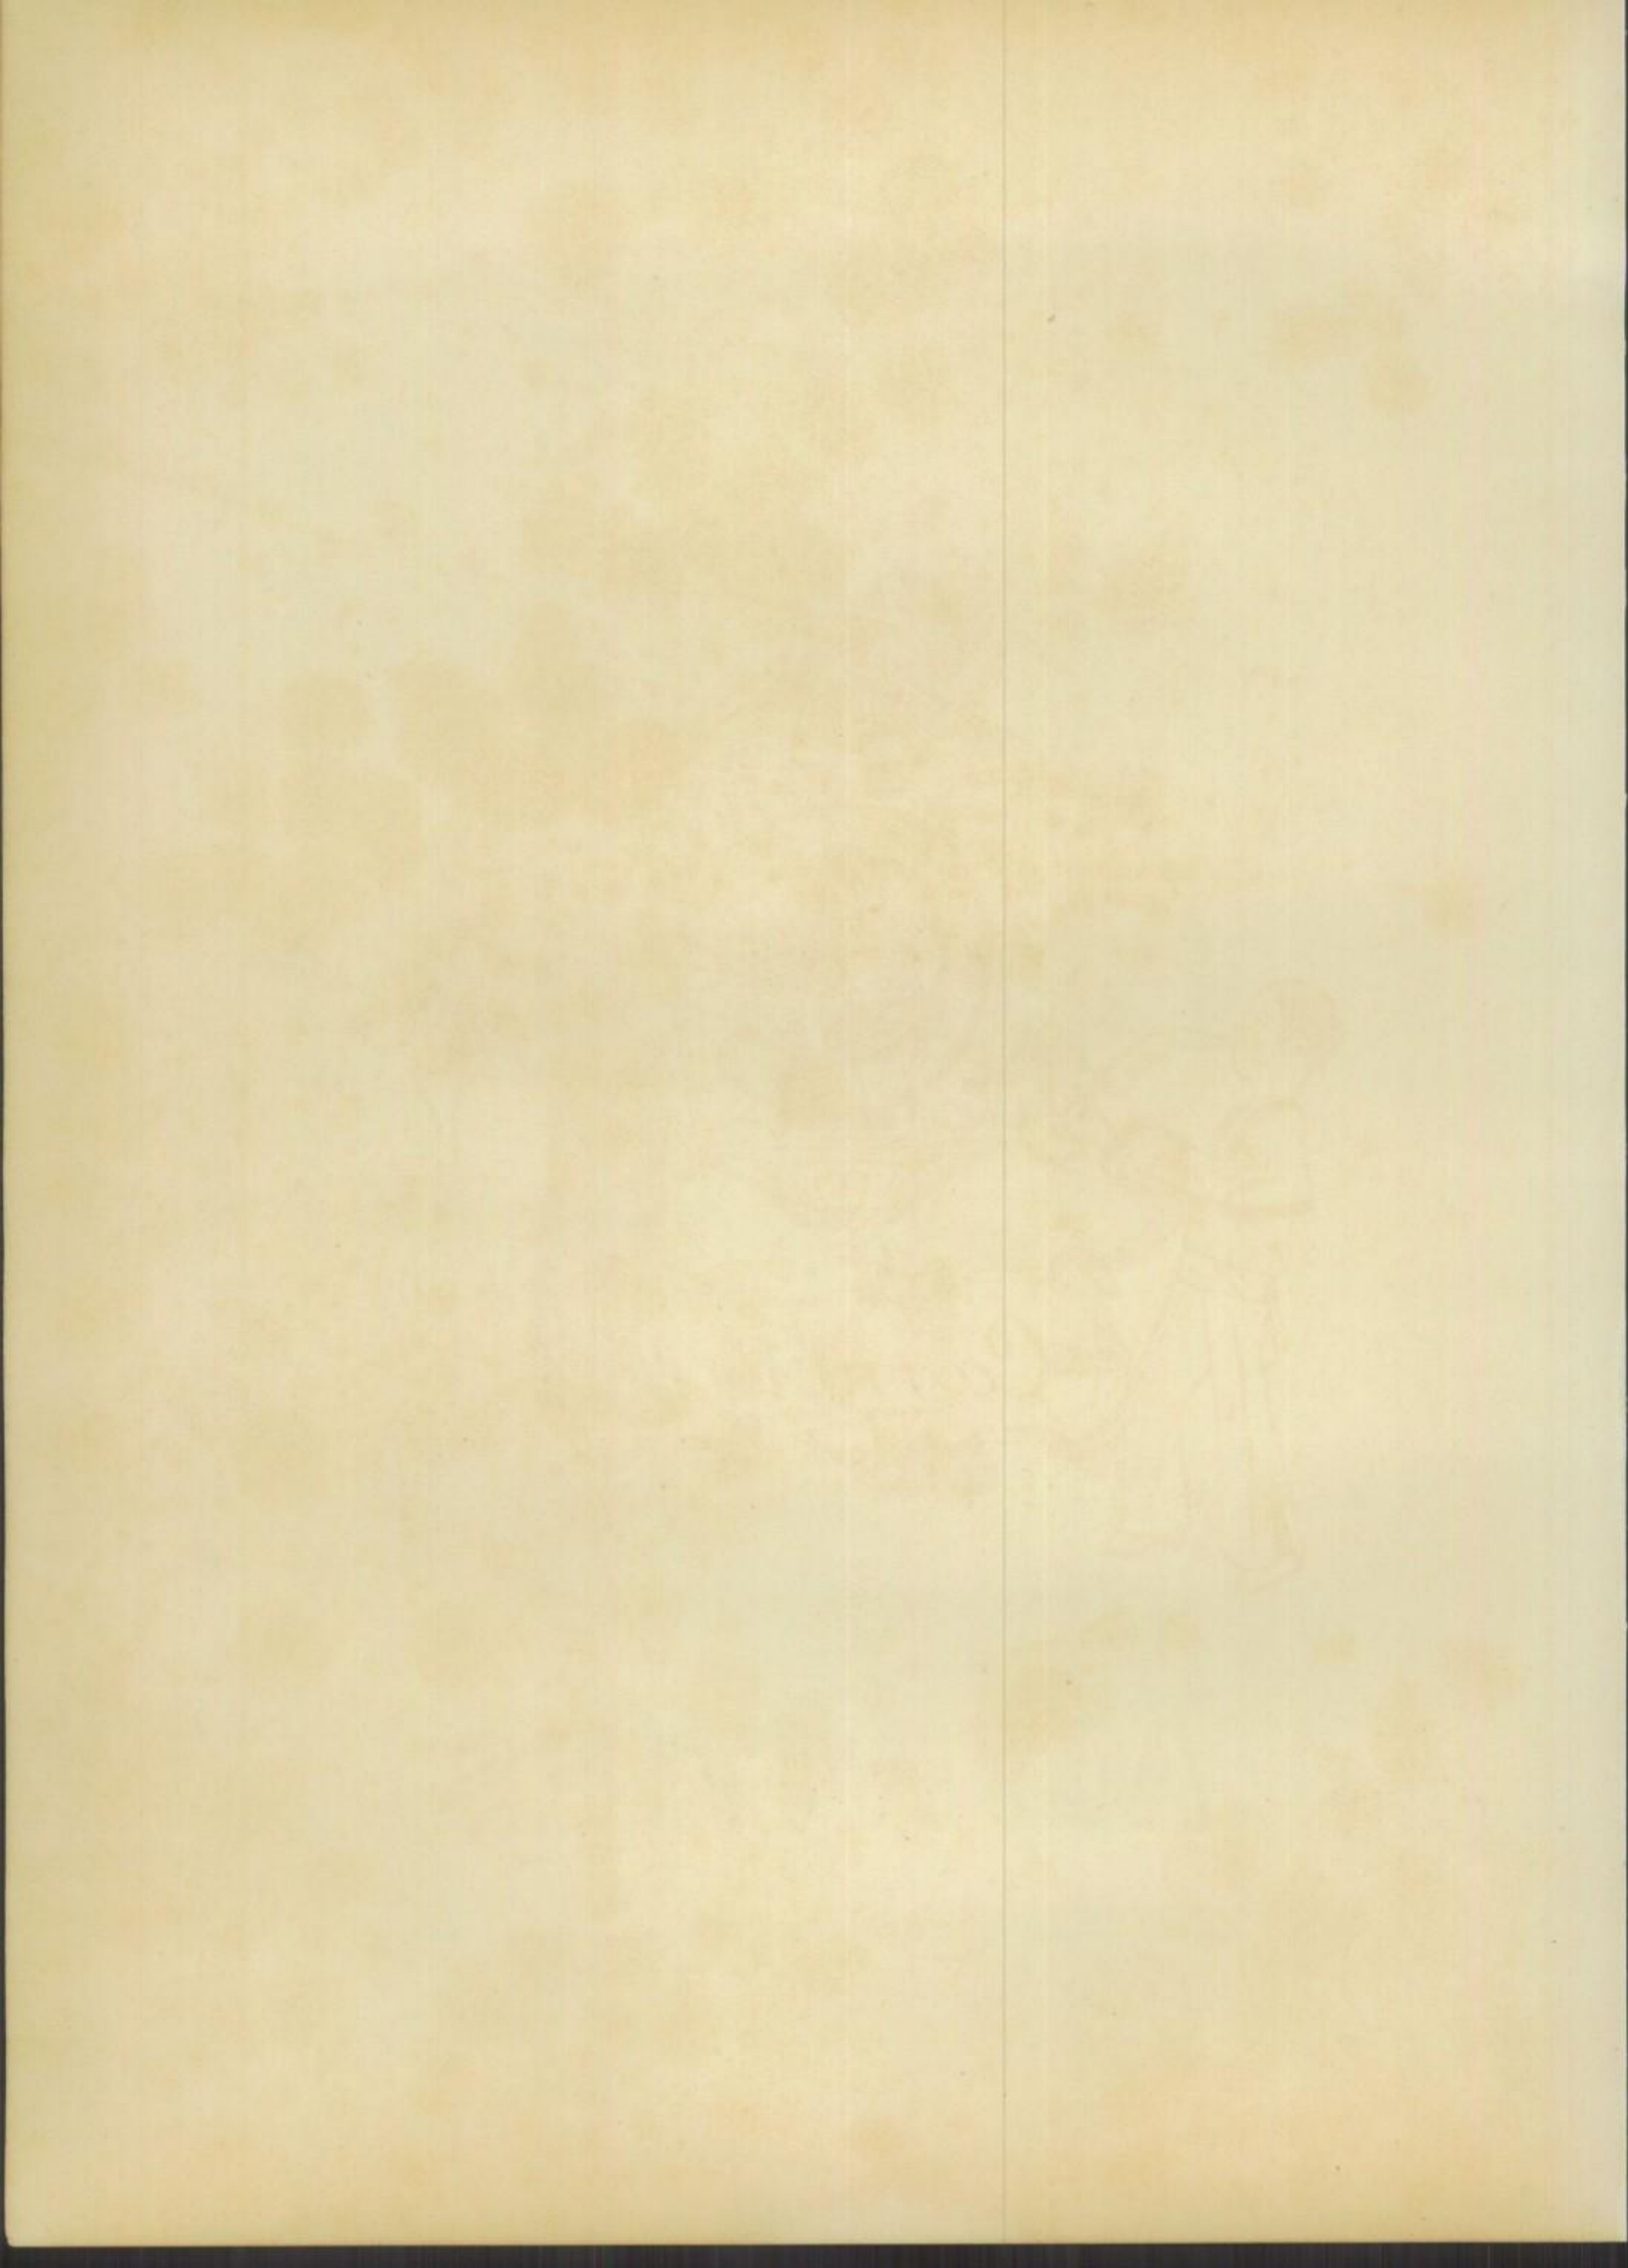

Girls who take gym not only learn dances, games, drills and stunts, thus getting the excellent exercise which the average girls of high school do not indulge in, but also obtain instruction in health habits. Gym is the course for fat girls who want to reduce, for thin girls who want to get fat, and for girls of the right size who want to stay that way.

Crestha

THIS year marks the twelfth year of one of the most popular social clubs at Forest—the Crestha. During the years of its existence, we have studied art, music, drama, short stories, poetry and the lives of great men and women of America. This year's subject was the study of opera, under the direction of Jewell Bonner, program chairman.

"The Crestha Capers," an annual entertainment given by the club, was unusually successful this year. Each girl took part in—as-much-as they "broke loose" from the unusual banquet and gave a dance and buffet supper combined. The decorations were purple and gold, the club colors. The music was furnished by Louis Forman's orchestra.

Much to their sorrow, the Crestha girls lost Miss Plummer, their faithful sponsor since the club's organization. She is now Mrs. Wynn Woolley. The present sponsor is Miss Berry.

Symposium

THE Symposium Club, "The Merrymaking Girls" of Forest, is a group of real girls, who enjoy sports and parties and dances and picnics—and who revel in providing pleasure. A picnic for the track team, teas, and showers for the lucky members, baskets and presents for the needy at Thanksgiving and Christmas, and a big part in the school carnival, are only a few of their activities. Their regular club meetings and programs are limited in merriment only by a certain observant decorum.

Leaders

THE Leaders' Club was organized in Forest Avenue High School during the spring term of the 1927 school session. Mr. Joe Bergin was the organizer and sponsor, and Roe Simkins served as the first president.

The club is built around the ideals of true leadership. It brings together all Forest citizens who have distinguished themselves in any type of school activity. Consequently the superior musician, debater, athlete, and soldier meet face to face in the same organization to work for the same ends, thus coming to know and appreciate the work and problems presented by each. The Leaders' Club has attempted to create a better school spirit, to foster an inter-school spirit, and to encourage in every respect the development of dependable leaders. A beautiful gold medal is given at the end of each term to the boy who is adjudged to have rendered the best and most unselfish service to the school during his last two years in attendance.

Junior Hi-Y

THE Forest Junior Hi-Y, which consists of freshman and sophomore students of Forest, was organized at the close of last summer vacation by Mr. W. H. Butler, sponsor of the club. The Hi-Y is an organization of Christian high school boys, who have as their purpose to "create, maintain, and extend throughout the school and community high standards of Christian living." Its slogan is "Clean Living, Clean Speech, Clean Athletics, and Clean Scholarship." This club holds regular meetings every Friday at 6:30 at the Y.M.C.A. At these meetings the programs consist of a study of the Bible and of a discussion of current events.

At the State Older Boys' Conference, held at College Station, February 3-5, the following members represented Forest: Mr. W. H. Butler, sponsor; Everett Hockwall, president; Sydney Adams, vice-president. Other functions which the Junior Hi-Y participated in were a Father and Son Banquet on November 18, 1927, and a Mother and Son Banquet on May 4, 1928. At one of the recent meetings Mr. Grover C. Good, the Texas State Boys' Work Secretary of the Y.M.C.A., made a short address to the Forest Junior Hi-Y.

The Standard Debating

THE Standard Debating Society has just experienced another successful year—with its colors still flying and its prestige undiminished. This year the club claims for its own the senior class president, the business manager of the annual, the class orator of the senior class, the school representatives in the various public speaking contests of the city, many of the cast of the Senior Play, and a whole host of others who are a credit to themselves as well as to the society.

The club does not desire to live solely on its reputation, no matter how spotless and influential it may be. These boys have not been satisfied with the motto "Let well enough alone". With the material which it now has and hopes to get, the club looks forward to next year, hoping to improve itself and to keep pace with the development of the school.

Declamation

SUCCESS was the lot of the Forest declaimers. The elimination contest to determine the school representative in the annual city declamation contest was held on Tuesday, March 6, with ten girls and seven boys competing. Alma Whitley and Sherman Kaplan were chosen. In the city contest, held March 17 at the Bryan Street High School auditorium, Sherman Kaplan won first place for Forest, and Alma Whitley tied with the Bryan Street High School representative for second honors.

Sherman Kaplan and a girl from the North Dallas High School represented Dallas in the district contest held at Denton, April 13 and 14. Sherman Kaplan won second place. Heretofore, the winners in the Dallas city contest were eligible for competition in the state contest held at Austin, but this year they were required to participate in the district contest before entering the final state contest.

Margaret Blakemore, second place winner for the girls in the school contest, represented Forest in the annual Texas Woman's College public speaking contest held at Fort Worth, Friday and Saturday, April 13 and 14. Howard Johnsen, second place winner for the boys in the school contest, will be the Forest representative in the Briand Silver Medal contest, outlawing war contest, to be held May 12 in the Sunset High School auditorium.

In the City Extemporaneous Speaking Contest, which was held in our own school Saturday evening, March 10, Roy Turner represented Forest and won second place with the speech "Motion pictures, as a whole, exercise a beneficial influence on society."

Debate

THE debate teams did not enjoy as successful a year as was hoped they might.

Preparation was begun early in the fall on the question: "Resolved, That the Congress of the United States should enact farm relief legislation embodying the principles of the McNary-Haugen bill." Eight boys and five girls tried out for the teams. In the final try-out Minnie Wyll and Maurine Jackson were chosen as the girls' team, and Gordon Jackson and Gilbert Proctor were chosen as the boys' team. As all members of the teams, except Gordon Jackson, who represented Forest last year, were debating for the first time, a good many practice debates were arranged with teams from neighboring towns and cities; among these were Denton, Central and North Side High Schools of Fort Worth, Waxahachie, Corsicana, Hubbard City, Sherman, Athens, Texas Military College of Terrell, and Mesquite.

The debate preliminaries of the city contest were held Saturday night, March 24, at the Oak Cliff High School. Gordon Jackson and Gilbert Proctor, upholding the negative side of the question, defeated the Sunset High School representatives. The Forest girls, Minnie Wyll and Maurine Jackson, defending the affirmative side of the farm relief question, lost to the representatives of the Oak Cliff High School. By their decision over Sunset and the drawing of a bye, the Forest boys reached the finals, which were held in the Bryan Street High School auditorium on March 31. Again defending the negative side, our team lost to the Oak Cliff boys a decision of two to one.

The Drama

THE WHITEHEADED BOY

THE January Class of 1928 presented a three-act comedy entitled "The Whiteheaded Boy," December 9, 1928.

The lead was taken by Keith Williams, who played the part of Dennis, the Whiteheaded Boy. Juliet Bussey as Delia Duffy, his sweetheart, played opposite him. The performance was vivid and forceful. Others in the cast were:

Mrs. Geoghegan.....	Gertrude Turner
George.....	Donald Ennis
Peter.....	Harold Ridells
Kate.....	Mary Elizabeth Price
Jane.....	Frances Shor
Baby.....	Agusta Zapp
Donough Brosnan, engaged to Jane.....	Alfred Karchmer
John Duffy.....	John Cearley
Aunt Ellen.....	Marjorie Ernest
Hannah, the maid.....	Sarah Bronstein

THE GLORY OF ROME

The Latin Department gave a program, October 25, in order to buy Latin books for the library.

The first number was given by the Auditores Club. The members presented a scene in a Roman School, with Fred Hester as the able teacher; the pupils of the school were presented as old Roman charactrs; such as, Caesar, Cicero, and Pompey.

The members of the Sigma Feri Club gave a Roman Style Show. The newest things in wearing apparel for slaves, vestal virgins, gladitors, and lictors were shown.

The Senior Department of Latin gave a very interesting Roman Wedding. This scene carried one back to the days when weddings were weddings; the entire family attended. There were twenty-two characters in the wedding. The entire act was very interesting, unique, and cleverly done.

A CONNECTICUT YANKEE

For the benefit of the football boys, the Dad's Club sponsored an evening's entertainment.

A moving picture, "A Connecticut Yankee in King Arthur's Court", was shown. Between acts, Genelle Adams, Dorothy Finks, and Marguerite Tobolowsky, accompanied by Pam Davenport, gave solo dances. The Public Speaking Department gave a Valentine Play, "New Loves for Old"; and Mildred Moore, Hazel Price, George Martin, and Vernon Wilson, gave the "Collegiates".

THE HURDY GURDY GIRL

THE "Hurdy Gurdy Girl" was presented by the Senior Class, April 27, 1928. The center of complication was a letter Theodore Luggatte wrote to his father, but had sent by mistake to Carlotta Columbus, an Italian Hurdy Gurdy Girl whom Theodore's sister, Marion, had arranged to have as the chief attraction at a lawn party. When Carlotta was unable to come, Marion's cousin, Carlotta Vernon, acted as the Hurdy Gurdy Girl: thus the plot was further complicated.

CRESTHA CAPERS

THE first Dramatic event of the new year was given by the Crestha Club, January 6, 1928. Vera Dashner acted as master of ceremonies, announcing the "Radio Act".

Pem Davenport was announcer of Station C-R-E-S-T-H-A. Mildred Moore and Helen Rice sang "Highways are Happy Ways"; then Ruth Peoples sang "Melancholy Baby", accompanied by Jewell Bonner; last, Rosalie Farley and Violet Boshart sang "I'm Drifting Back to Dream-land."

The next number was a tap dance by Dorothy Finks; she was accompanied by Pem Davenport. Bernice Langston and Margaret Wood gave a clever act called "The Crystal Gazer". Bernice had lost her sweetheart, and the fortune teller thought she had lost her dog. Finally, Bernice's sweetheart was restored through a letter sent to the Fortune Teller by her sweetheart. Mildred Moore, Margaret Wood, and Hazel Price gave a skit that really should be in vaudeville—three country gals from Farmers' Branch. The next was a specialty given by Dot Finks, Lillian Price, and Margaret Thornton.

The surprise act was "IT, THAT, AND HOW." Our football boys gave this. All the boys were dressed as little school children, with Vernon Wilson acting as the "School Marm". John Cearley was Janitor. The setting was a school room for such pupils as: Odys Castillow, Iuda Levy, Abe Argovitz, Red Clem, George Martin, and Gene Hamiter. Girls, you ought to have seen Gene! He beats you all when it comes to strutting. And Odys, Oh! man! Iuda Levy gave a "real sweet" reading about his little feller. Red was a genuine bully, shooting the girls. He got put in the corner with Odys. They all recited and sang songs, an old-time Forest program—just like assembly.

The last number was a pianologue, given by Hazel Price and Pem Davenport. They gave the selections "Sundown" and "The World Is Waiting for The Sunrise."

ANNUAL STAFF VAUDEVILLE

On the eighteenth day of May the Forester Annual Staff gave the best vaudeville show and dance that has ever been given at Forest, directed by Mildred Moore and Pem Davenport. Each high school contributed an act. Eloy Lozano and Dolores Ferrero, prominent dancers of Dallas, did the tango; Mildred Moore and George Martin appeared in "A Trip to the City"; Pem Davenport and his orchestra gave a program featuring Genelle Adams, Marguerite Tobolowsky, Dorothy Finks, Winston Wilson, and Gus Levine.

Society and Clubs

CARNIVAL

*"It was March 9
On a warm and dreary night
That the Forest Carnival
Took place—and How!"*

"SODA water, candy, everything, anything! Right this way; only 5c, a nickel!" yelled George. Before the show in the auditorium started, there could be heard all kinds of ballyhooing from the different booths. Pretty Crestha lassies, also muchachitas, were seen, and very much heard, selling popcorn balls and candy.

Among the outstanding booths were those of the Crestha, Symposium, and Leaders' Clubs. The Leaders' Club certainly drew the largest crowd, but this was due to the fact that Johnny Harrington and Travis McCall put on a boxing exhibition. Others on the card were Jack Collins vs. Sam Frankenstein, and Clyde Jamieson vs. Barney Solomon.

The Crestha Club had an interesting booth; their main feature was a fortune teller. The Symposium Club presented a Mock Wedding. Every club in the school had a booth of some kind. The main show was given in the auditorium; to make the performance complete, Pem Davenport presented his orchestra in "Jack O' Lanterns." Dorothy Finks, Margaret Thornton, Margueritte Tobolowsky, and Genelle Adams were presented in two choruses and several solo dances. Irene Sewell and Haskell Bevers gave several songs. Fredna and Pem Davenport furnished an act all of their own.

When the "Jack O' Lanterns" was finished, a dance was given in the Gym under the auspices of the Music Department of the school. At the close of the dance, Mildred Moore was announced Carnival Queen and George Martin, Carnival King.

THE HIGH SCHOOL HERO

On April 12, 1928, the Dads' Club sponsored a picture show, *The High School Hero*, given in the Forest High School auditorium. The proceeds were used for some of the debts incurred by the school during the fall term.

The Music Department sponsored a dance given in the Gym; the proceeds of which were used for paying the expenses of Pem Davenport, Dallas High School representative, to the National Orchestra Convention in Chicago.

She may not be such a hot Steno', but—I sure like her type.

"Song of the Love Lorn." Can personally recommend—Pem Davenport.

*"Lamentation of the Left-Behinds."
"By fair means or foul," "A Steady."*

ATHLETICS

MR. A. J. LOOS

Forest is fortunate to have as head coach of athletics, Mr. A. J. Loos, a man known for his own sportsmanship and for his clean-playing teams.

Mr. Loos has been coaching the Green and White teams since 1921, and has since then brought many championships to Forest. Mr. Loos's motto is "Clean play and co-operation."

MR. HERSCHEL FORESTER

Mr. Herschel Forester has been assistant coach at Forest since 1924. He is considered one of the best line coaches in the state. He dons a uniform and demonstrates to the players how to block, tackle, and lead interference.

Mr. Forester is for anything honest and clean.

THE SEASON

A GAIN in 1927 Forest made for herself and for Dallas a football record characterized by the excellent playing of the team and by the good sportsmanship of the student body. Although defeated at the first of the season, the team soon buckled down to business and went far in the state race for championship.

HENRY HODDE
Captain

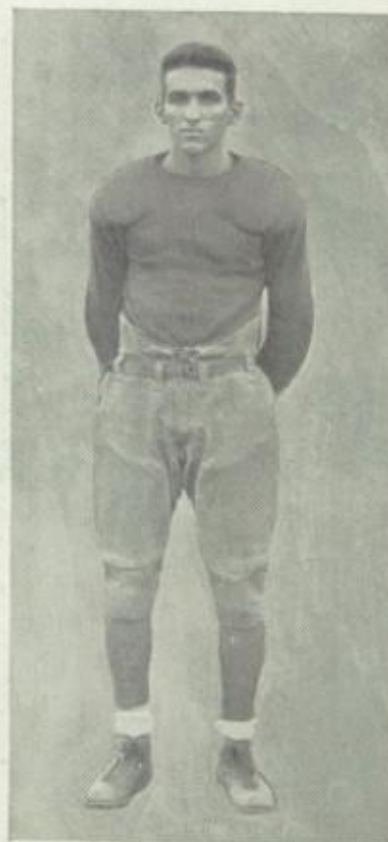

Forest 19—Ada, Okla. 0

On September 24 Forest won a sensational victory over Ada, Oklahoma. Ada out-weighed Forest fifteen pounds to the man, but the Forestites had the fight necessary to win a football game. Forest won by a brilliant overhead attack, with Clem and Castillow on the receiving line. Everything pointed to a wonderful season.

JOE LAGOW
Center

FRANK TERRANELLA
Quarterback

Forest 0—Sunset 6

In this game the roaring Lions were defeated in the last two minutes of the game. Several large penalties cost Forest the game, but you have to hand it to the fighting Bisons for pushing over a touchdown in the last two minutes to play. Castillow played sensational defense. Red Gilliam played on the offense, but he wasn't in mid-season form.

C. B. WATSON
Right Half

Forest 19—North Side 6

The fighting Lions, stinging under the defeat handed them by the elongated Bisons, pleased their followers by staging a comeback against North Side High (Fort Worth), beating their worthy foe to the tune of 19 to 6. Both teams scored in the first quarter, which ended with the score tied.

After the first quarter, the final outcome of the game was never in doubt, because it could be seen very plainly that Forest decidedly held the upper hand. Iuda Levy, Red Gilliam, Watson, and Hodde played well in the backfield; Joe Lagow, McCullough, Joe Terranella, Castillow, and Clem played an excellent brand of football on the line.

ODYS CASTILLOW
Left End

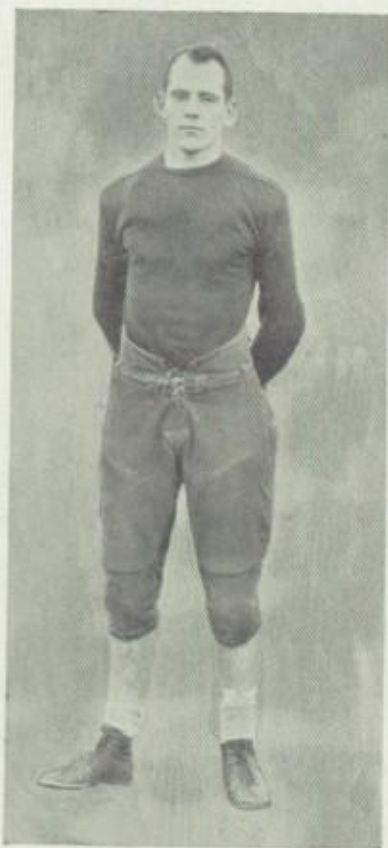

Forest 7—Polytechnic 0

Forest's victory over the "Parrots" came as the result of Red Gilliam's two long runs in the first quarter. He carried the ball to the three-yard line, and Watson bucked it over on the first play. In trying for an extra point, Captain Hodde's never-failing toe kicked goal.

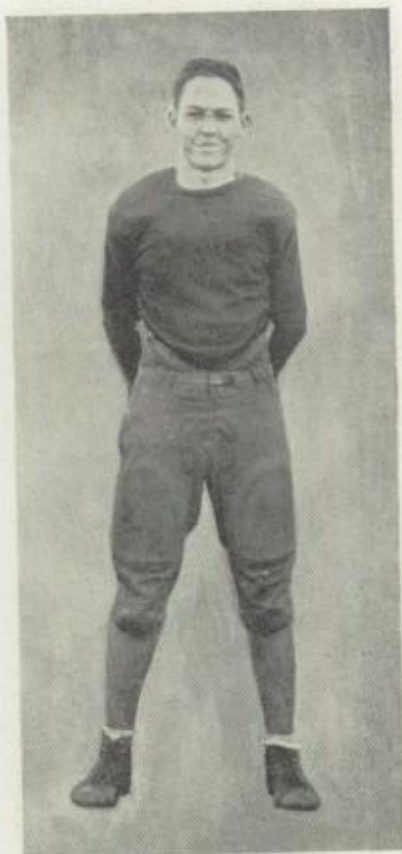

FRANK PARRINO
Fullback

RAYMOND GILLIAM
Quarterback

From then on, it was a season affair, Forest having the upper hand most of the time. The last two minutes of play Frank Terranella was inserted in the line-up at half, and in two plays he carried the ball from mid-field to scoring position. Just as he would have carried it over, the game ended.

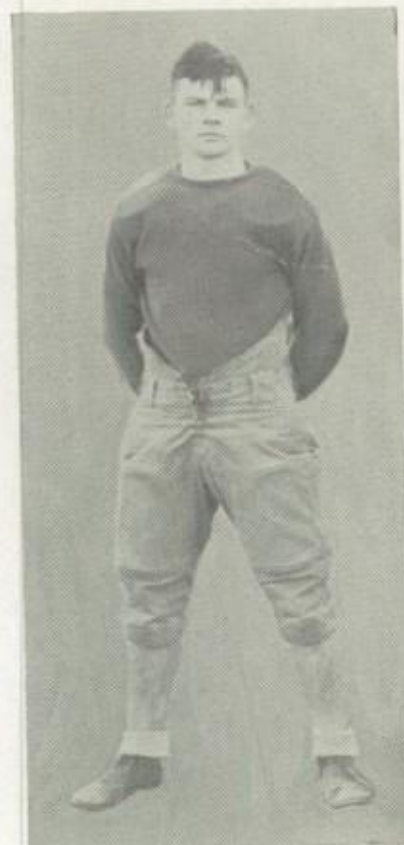

LAWRENCE McCULLOUGH
Right Tackle

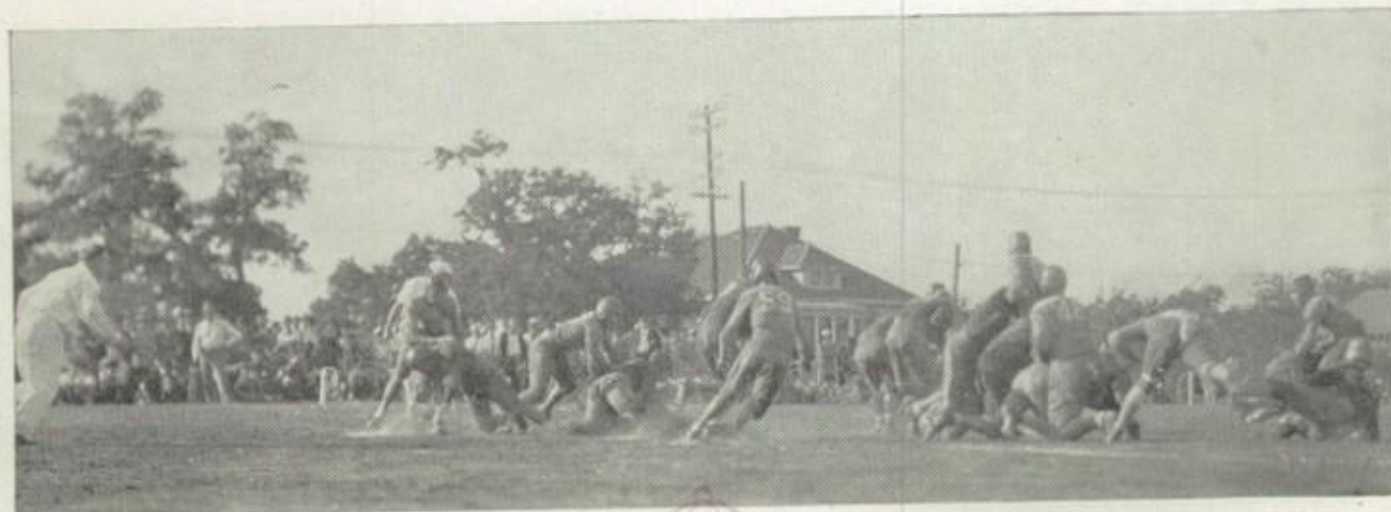

Forest 25—North Dallas 0

A scintillating overhead attack and the playing of Watson and Levy determined victory for Forest over North Dallas. On first kick-off Forest kicked the inflated oval in midfield and started a merciless drive which resulted in the first touchdown.

After this, Forest scored at will. This was the first game in which the student body really got behind the team. Terranella came in for his share of the glory by making several nice runs. Larson, F. Lagow, and Clem played an excellent game on the line. Subs sent in during the last part of the game contributed seven points.

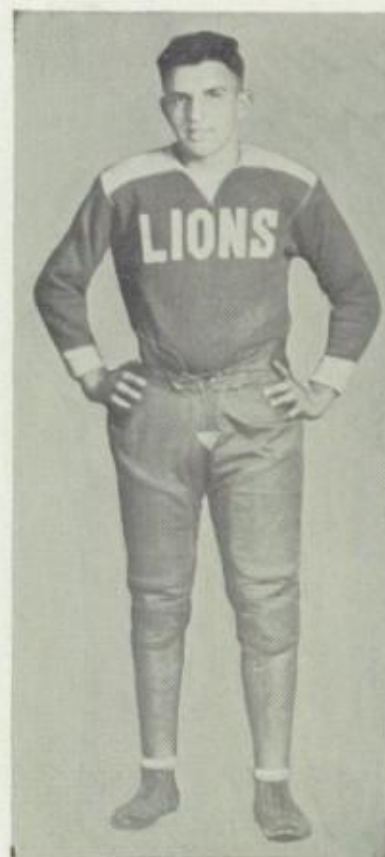

FAY LAGOW
Right Guard

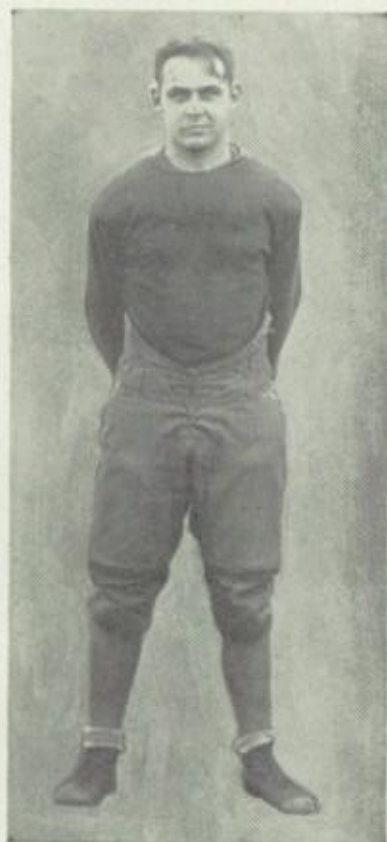

Forest 19— Central (Ft. Worth) 26

This was a game in which the dope-bucket was upset. Forest was favored to win by a large score, but played a listless game throughout. On the other hand, Central was pepped up for the occasion, taking advantage of several miscues made by the Forest backfield to push over two touchdowns.

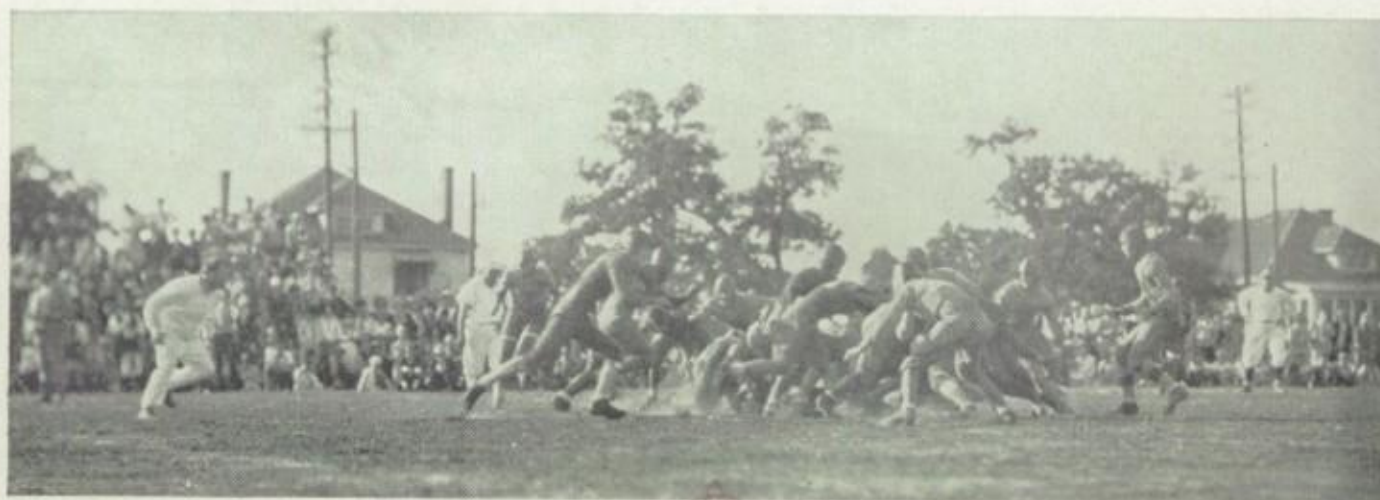

JOE TERRANELLA
Left Tackle

BURNIS LARSON
Left Guard

Their other two touchdowns were obtained by an air attack. Frank Terranella showed up well with his passing; while Henry Hodde and Harold Clem snatched the ball from almost every angle to complete the passing mechanism. The Lions were capable of a better brand of football, but it seems they were not conscious of the fact that they were being beaten.

HAROLD CLEM
Right End

Forest held the edge on Bryan. When Bryan threatened to score, Forest's powerful line, with the aid of Red Clem, stopped the onslaught. Clem did some neat work in hitting three plays in succession on the head, which, if they had worked, would have resulted in a touchdown for Bryan. On the whole, the game was a well fought contest. The Bryan team showed more than was expected of it.

Forest 7—Bryan 0

In this game Frank Terranella made several sensational passes. The only touchdown of the game came as a result of a long pass to Hodde, which placed the ball on Bryan's thirty-yard line. Then a pass, Terranella to Clem, made a touchdown. From there on, it was a series of exchanged punts.

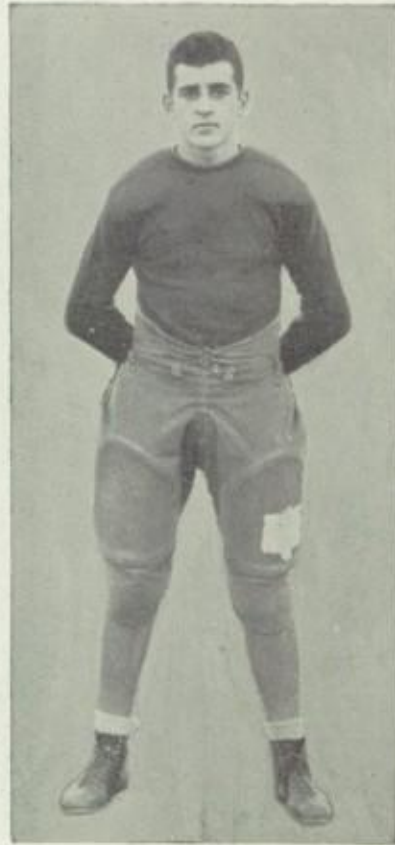

VERNON WILSON
Quarterback

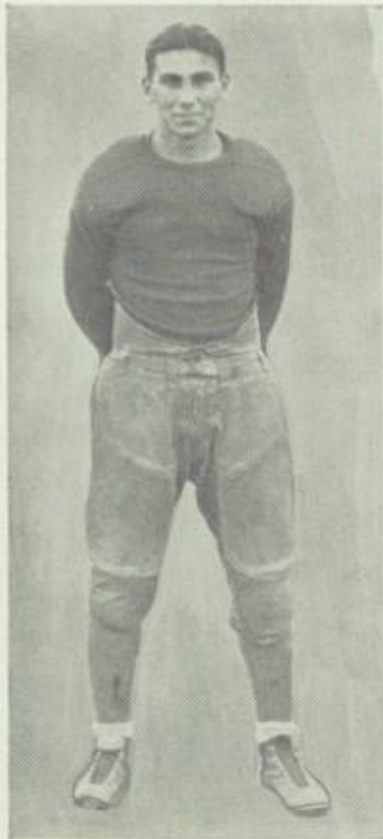

Forest 20—Central 0

In this contest the Lions redeemed themselves in a very forceful manner, whipping the Centralites to a stand-still. This game decided the Championship of District 3, since Sunset was ruled ineligible because of a player's being over age. Forest and Central were tied for second place; therefore they had to play to see who would represent District 3 in the State race.

LOU RAVKIND
Halfback

JUDA LEVY
Left Half

The game was intensely interesting, for both teams were fighting. Every member of the team, in particular Castillow and J. Lagow, played a bang-up game. The star of the game was C. B. Watson with his smashing plunging. Clem turned in the best game of his career; while Fay Lagow distinguished himself by an eighty-yard run, after recovering a fumble.

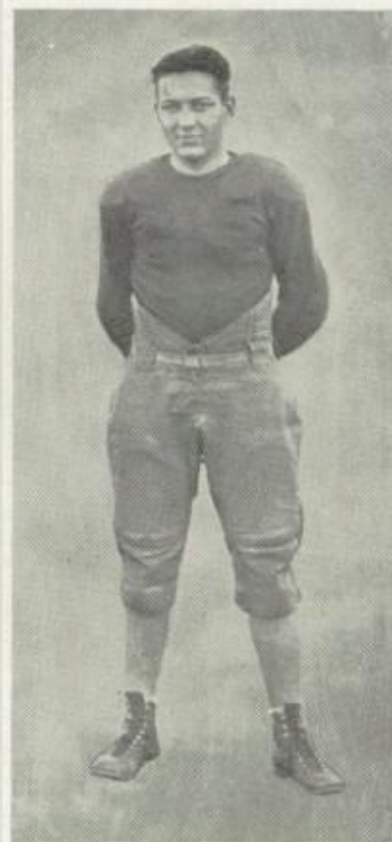

ROBERT FREEMAN
Guard

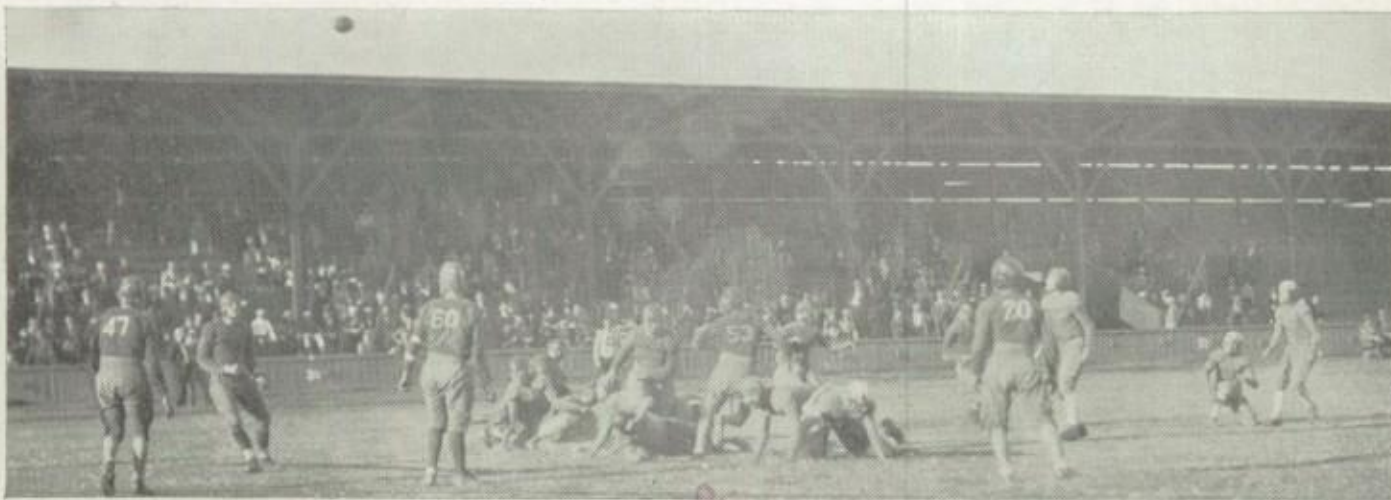

Forest o—Cleburne 6

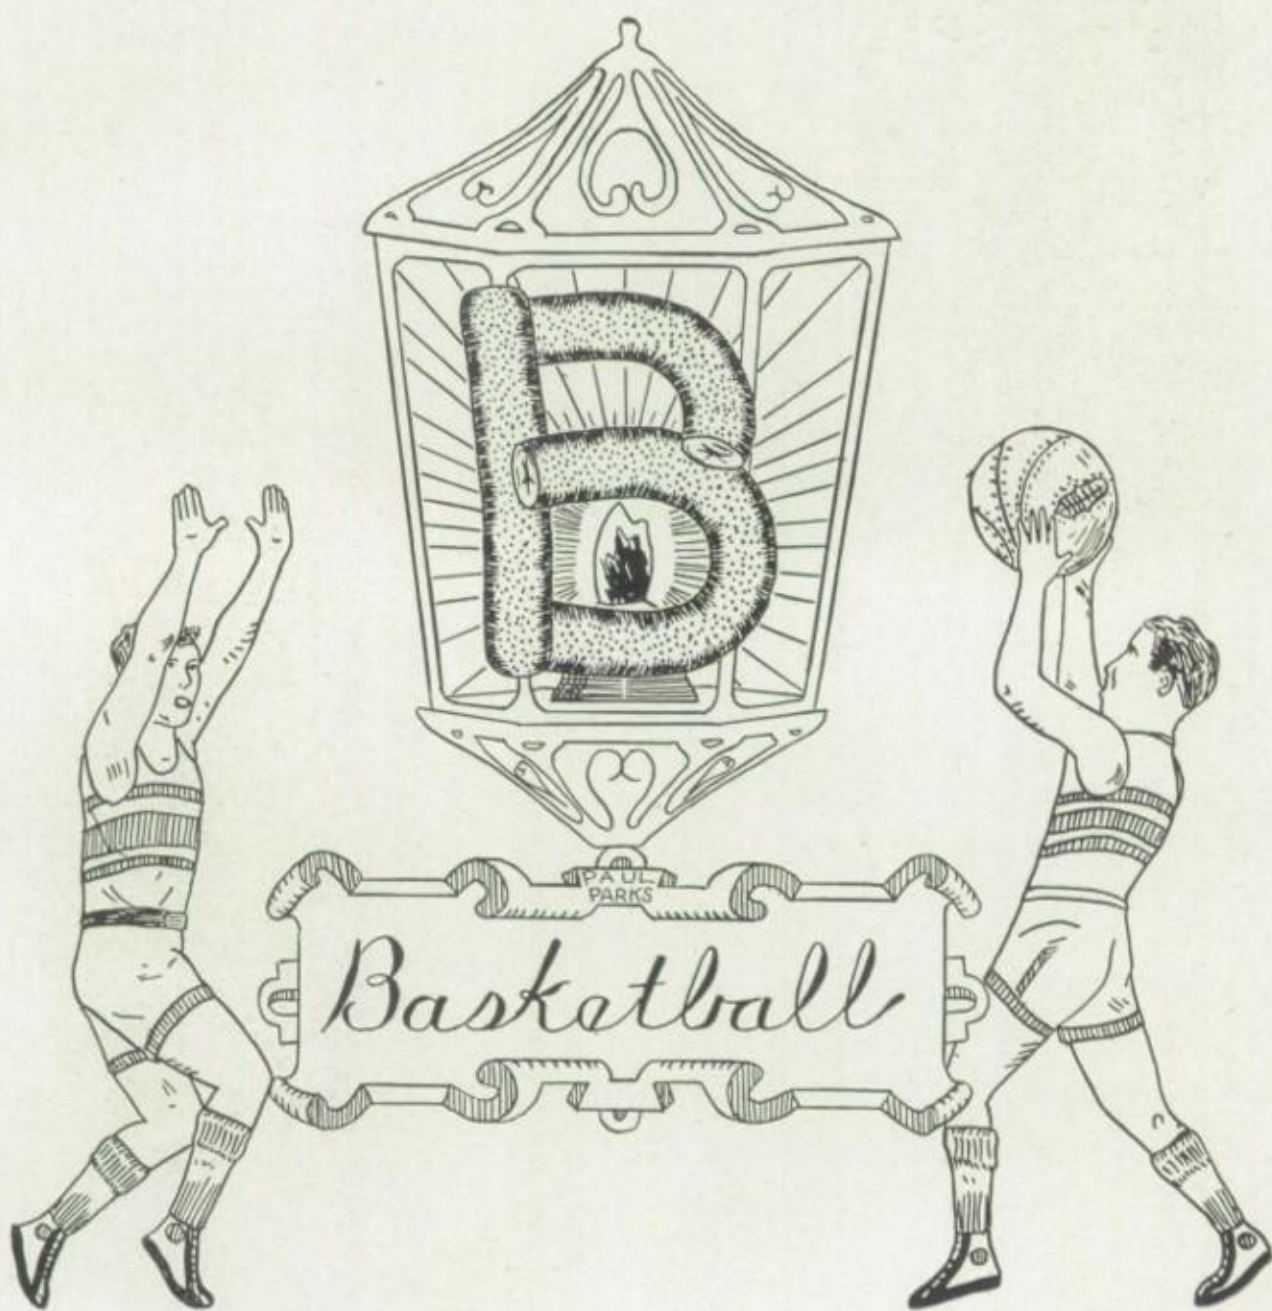

Forest went into the game the "Underdog," although with the determination to win. Red Clem on the first kick-off tucked the inflated oval under his arm, squirmed, twisted, and blew his way sixty yards down the field through the bewildered Yellow Jackets. On the next plays Forest carried the one-foot line by an overhead attack.

REEVES WILLIAMS
Guard

With two downs and one foot to go, Forest failed to make the distance and lost the ball on the two-inch line. The two teams seesawed back and forth, until in mid-field Squyers of Cleburne made three long end-runs and made the only score of the day. Three of Forest's best players were taken out of the game because of injury.

THE 1928 Forest High cage team proved itself to be one of the greatest quintets that ever represented the Green and White on the painted courts. For the second consecutive year, the Lions copped the city cage championship without sustaining a loss.

This team was composed of Iuda Levy, Gus Erwin, Lou Ravkind, Abe Argovitz, and Howard Brecht. Throughout the season, Ravkind and Levy were the outstanding cagers in the city, but much credit should be given to Erwin, Argovitz, and Brecht. Their brilliance was overshadowed by the sparkling play of Ravkind and Levy.

After downing Arlington and Gainesville, the Lions defeated the Denton Broncos in the finals for the Tenth District Championship, 28 to 27.

The Green Wave won the right to enter the State tournament at Austin by taking the measure of the Alba High quintet. "Honk" Erwin was the star offensive player, with "Bull" Levy, as usual, stopping all the Alba drives. After drawing a bye in the first round of the state tournament, the Lions defeated their bitter gridiron enemies, the Cisco Big Dam Loboes, 22 to 23.

After advancing to the semi-finals, the Green Wave was defeated at the hands of the Austin High School cagers. Their strength being sapped, the Lions were overwhelmed by the powerful Athens teams in the last game of the season.

Second Team

TO make a clean sweep in the first and second team series, Coach Forester's Cubs won the second team championship, after playing off a tie with the Bryan High Wolflets.

Coach Forester's starting five was composed of Watson and Jeffers, forwards; McCullough, center; Parker and Sowell, guards. This quintet worked smoothly and machine-like together.

In order to determine the second team champion, Athletic Director John Fouts ordered the teams to play a series of three games, the teams winning two to be champions.

The first game was played in the Bryan High gym. The Cubs were strengthened by the addition of Allison and Castilow from the first squad. This game was featured by close guarding and superb goal tossing. C. B. Watson, Cub forward, led the way for the scorers. The floor work of Parker was outstanding. The Wolflets also played their best game of the season, but were defeated by three points.

The second game of the series was played in the Forest gym. This contest had the same atmosphere as the first team championship games. The Cubs had little trouble in downing the Wolflets. Watson, again, was the shining light. Parker, also, displayed his usual dazzling floor work.

By winning this series, all the trophies for the 1928 City Cage Series were brought to Forest.

Track

AFTER losing dual meets to North Dallas and Oak Cliff, the Forest track team copped second place in the City track meet, April 7. Oak Cliff barely nosed the Lions out by three points.

The Green Team is referred to as a "two-man team." Baldry won first places in the javelin throw, broad jump, and pole vault and tied for first place in the high jump. Nailor won the 440 yard dash, third place in the 220 yard dash, and ran anchor on the relay team. In addition, there are Palmer, W. Wilson, Jeffers, Ed. Woods, R. Woods, Redd, Isaacs, Pruitt, and Brown, who are all excellent tracksters. Nailor established a new city record in the quarter-mile, running it in 52 seconds flat, and Baldry heaved the javelin 164 feet for a new city record.

Forest again won the District Meet, chalking up thirty points.

Honor is due to Mr. H. B. Yates, coach.

 WYNN COBBEL THOMPSON BLAKEMORE LEON HUNTER

Tennis

THIS year the tennis tournament, which was scheduled for the month of February, was interrupted by the usual winter weather. Most of the practice was done at the City Park, where the games were played. Mr. Fouts, Director of Athletics, announced that we would have another tournament next April.

The boys' team, under coach W. F. Hunter, was represented by Franklin Thompson in singles, and Albert Green and George Martin in doubles. Max Miller, Nathan Leon, and Alvin Corder served as alternates. There are a number of young players who should return next year to add strength to the team.

The girls' team, coached by Miss Roberta Wynn, was represented by Margaret Blakemore in singles, and Ida Cobbel and Adrian Haller in doubles. Rose Dasch served as alternate.

GYPSY HEARTS

*Gypsy hearts are many, but gypsy feet
are few;
We long for forest fenny where sunlight
filters thru.
We talk of "luring by-ways" and
"trails that wander far,
But stick upon the highways within a
motor car.*

COLLEGE SOLES

*We sigh because our groove is so narrow
and confined,
But hate to leave the movies and theatres
behind.
We do a lot of weaving and roving
around the chart;
But when it comes to leaving, the feet
refuse to start.*

Epilogue

Sires, have heard a wandering rumor
 How our college-gypsy theme affects the public humor?
 We've cut the pattern and followed the scheme—
 Taken the *Gypsy Trail* with Rudyard Kipling.
 'Tis true we've gone through a breadth of reading
 In the brave—bold hope of this succeeding—
 That your fancy ensnared in the rose—crystal ball
 Seeks its own fair reflection in some college hall,
 That lured by gypsies you'll pause perchance,
 And, ere you know, be lost in the maze of Learning's Romance.

—o—
 "The white moth to the closing vine,
 The bee to the opened clover,
 And the gypsy blood to the gypsy blood
 Ever the wide world over.

Out of the dark and gargic camp,
 Out of the grime and the gray
 (Morning waits at the end of the world),
 Gypsy, come away!

Both to the road again, again!
 Out on a clean sea-track—
 Follow the cross of the gypsy trail
 Over the world and back!

Follow the Romany patteran,
 West to the sinking sun,
 Till the junk-sails lift through the houseless
 drift,
 And the east and west are one.

Follow the Romany patteran,
 East where the silence broods
 By a purple wave on an opal beach
 In the hush of the Mahim woods.

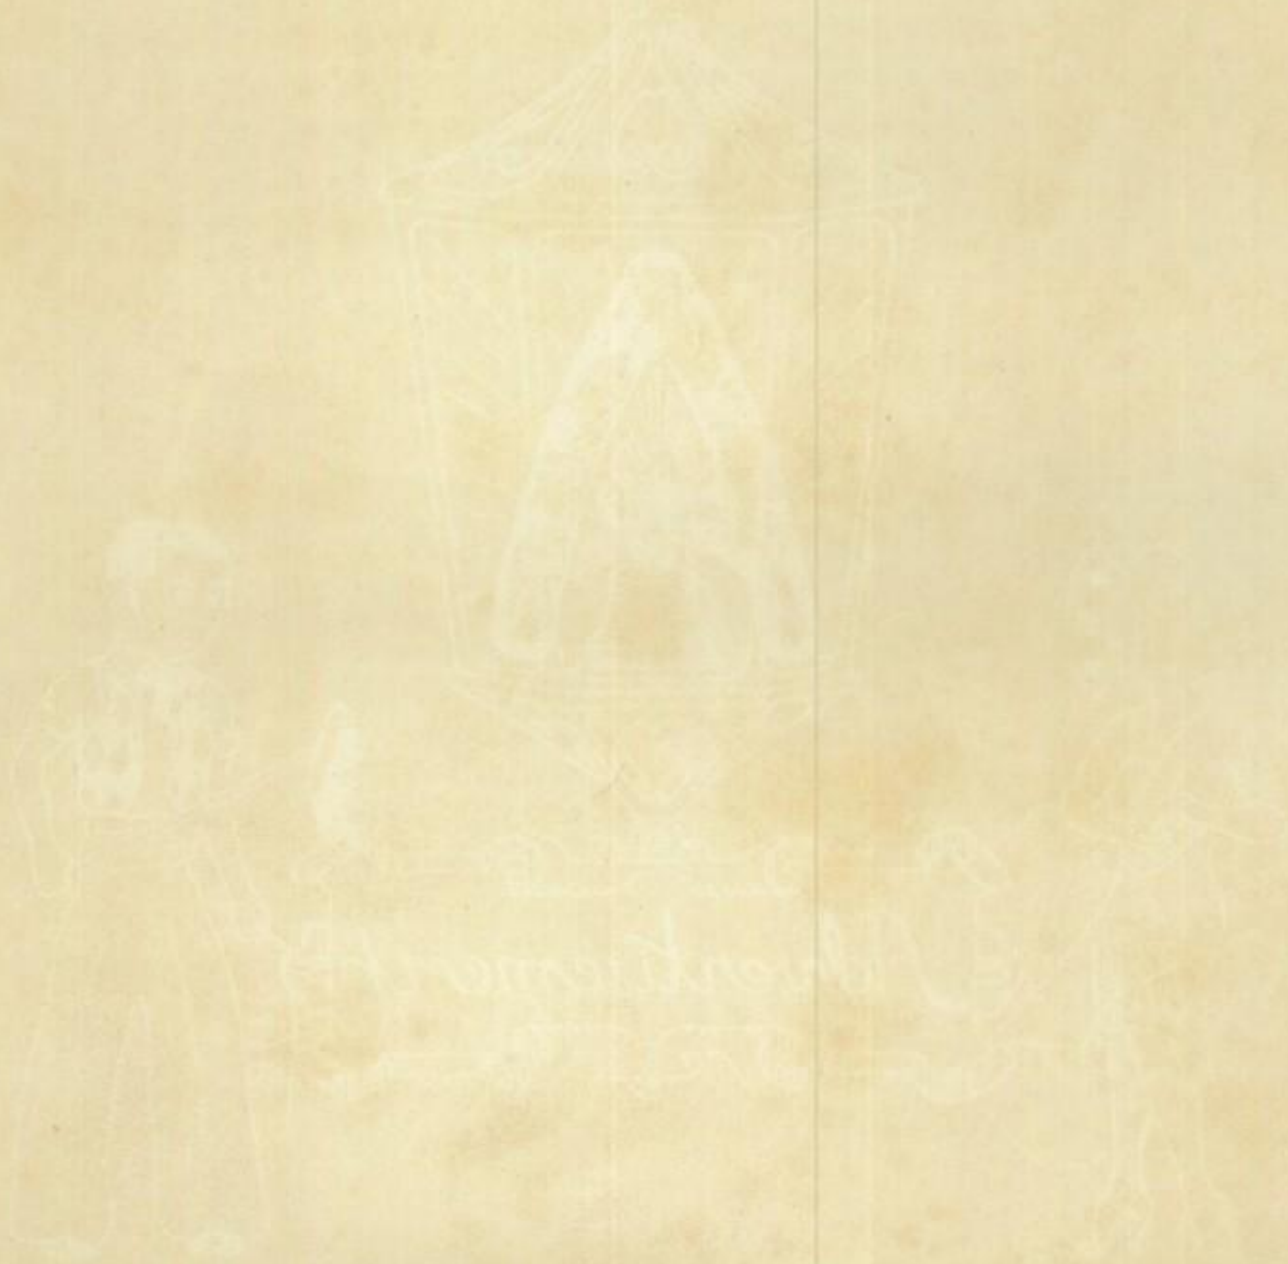

The heart of a man to the heart of a maid
 Light of my tents, be fleet.
 Morning waits at the end of the world,
 And the world is all at our feet!"

ROMANY TRAIL

—just a word to Graduates:

SUCCESS sometimes seems to be a matter of chance and good luck. But it is nearly always the result of years of labor and patient effort.

This point was the cause of the famous misunderstanding between Whistler, the artist, and John Ruskin. The latter had belittled the value of a painting which Whistler had sold for a thousand pounds.

"How long did it take you to paint it?" asked Ruskin.

"About an hour," Whistler replied.

"What! You asked a thousand pounds for one hour's work!"

"Yes," said Whistler, "but it took a lifetime of study to learn how."

*Our congratulations
to the Graduates of 1928!
May your futures be happy and
successful—and may you always get
the full fruits of your labors*

ANOTHER new word - - *smog*. A weather man in a smoky city dug it up. It means a heavy blend of smoke-soot-and-fog in the early morning. ¶ This is one word Dallas people can not use, amusing though it is. They have no smog. ¶ Dallas has natural gas.
